25 Years of SIG-III

This year marks SIG-III’s 25th anniversary! The SIG is celebrating this feat by sponsoring a host of panels at this year’s ASIS&T Annual Meeting, including one titled 25 Years of SIG-III and the Future of International Information.

Moderated by Aaron Bowen and taking place Monday, October 27th at 3:30 PM, this panel will look at the past 25 years of international information issues and SIG-III’s role in bringing these issues to ASIS&T as a whole for consideration and debate, present a “state of the union” on international information, and evaluate what trends and developments may occur with international information during the next 25 years. The panelists will consider different aspects of what the future of international information may entail, from privacy and security to digital divides and knowledge gaps to censorship and freedom of expression.

SIG III Events at AM

International Reception

To celebrate SIG-III’s 25th anniversary, SIG-III is putting together a special International Reception this year. Plans are still gelling, but from the ideas I have seen so far, this year’s reception promises to be truly magnificent. We hope you join us on the evening of the 27th at 8:00 to take part in the celebration!

Sponsorship of AM programs

SIG III Business Meetings
SIG III will be holding two Business Meetings at the Annual Meeting:
Monday Oct 27: 5:00-6:30pm: Room B
Third Floor Conference Room
Tuesday Oct 28: 5:00-6:30pm: Room B
Third Floor Conference Room
Anyone interested in these meetings is very welcome to attend.

Silent Auction
Annual International Reception is when InfoShare Program raises funds through silent auction and raffle. InfoShare Program provides memberships to information professionals in countries where the membership dues are financially out of reach. Please bring one or more goodies for silent auction. Also, local ASIS&T will be contacted to donate a basket of goodies (wine, food, knick-knacks, misc, etc made locally and/or by members or representing the area, like regional sports team hat or t-shirt) that is the prize for the raffle.

Book Auction
Also, bring one new or slightly used book on information science or relevant topic. ASIS&T will collect them and donate them to a selected institution. A collection bin will be made available near the registration area.

Some News from the Chair

SIG III Fund-raising
Last year SIG III received $3,000 from Elsevier, $2,000 dedicated to International Paper Contest and $1,000 to international reception. Elsevier have pledged the same amount ($3,000) to SIG III for 2008 annual conference.

SIG-III Blog in 2008
2008 proved to be the year in which I felt the Blog truly got going. In particular, Blake Carver at NEASIST and I worked together to give the blog a new themed appearance. Rather than the basic, straight-out-of-the-box Wordpress theme we had at the beginning of the year, we now have a clearer, more customized interface. I plan to continue to tweak the different features of the SIG-III Blog to further customize it to the individual characteristics of the SIG.

In addition to the new interface, I have been able to post to it reasonably regularly regarding a wide range of topics relating to international information. For example, two posts that I found particularly strong were “The Libraries of Timbuktu,” about preservation and digitization efforts to save ancient and medieval African manuscripts in Timbuktu, and “Best practices for digital education: A case study of ICT in India,” which asked how an implementation strategy for classroom information and communication technologies in a village in India would need to change when applied to different parts of the world.

I have a whole list of topics to post about as time allows in the coming months. But I would like to encourage everyone in SIG-III to get involved! If you have anything at all you would like to communicate to the rest of the SIG – even if it’s just a sentence or two long – let me know and I will help you get your thoughts on the Blog. Also in the coming year I would like to do more outreach with the blog in order to reach a wider audience. The blog has RSS feeds for both posts and comments, making it easy to keep up with developments. URL: http://www.neasist.org/icisc/blog/

2008 International Paper Contest

We held our 9th annual International Paper Contest in spring 2008. The jurors for the competition included Judy Jeng (Chair), Jonathan Levitt (Co-Chair), Aaron Bowen, Yunfei Du, Julian Warner, and Yin Zhang.

The winners were:
**First Place Winner:** Maqsood Ahmad Shaheen. Use of social networks and
information seeking behavior of students during political crises in Pakistan. (Pakistan)

**Second Place Winner:** Neela J. Deshpande & S K Pathak. Use of electronic journals in astronomy and astrophysics libraries and information centres in India: A users’ perspective. (India)

**Third Place Winner:** Manjunatha K. Technology and customer expectation in academic libraries: A special reference to technical/management libraries in Karnataka. (India)

**Fifth Place Winner:** Tariq Ashraf. Empowering people through information: A case study of India’s right to information act. (India)

**Sixth Place Winner:** Pramila Dangwal. Information: By the people, for the people, for development. (India)

The first place winner was awarded financial support (plane tickets, hotel, and complementary conference registration) to attend the ASIS&T Annual Conference in Columbus, Ohio, October 24-29, 2008. The principal authors of the six winning papers were awarded a two-year individual membership to ASIS&T. In addition, all winning and other submitted papers are considered for publication in Elsevier’s International Information and Library Review. We thank the jury members for their hard work and our donors for their compassion which makes it possible to develop and sustain this international network of scholars in developing countries.
